SPACES

"With the opportunity to purchase a strata office close to the Law Courts, this growing law practice seized the opportunity to create a fresh new presence right in the heart of Perth's CBD.

Space for lawyers and support staff was balanced with the provision of reception, meeting rooms, staff tea prep and storage facilities. Other staff members located in their suburban office use This tenancy also serves as a hub for other staff members who work out of another suburban offices. Through the use of glass and low height screening, the tenancy is flooded with natural light while still allowing the privacy staff require.

With very efficient space planning, controlled use of feature colour and optimization of available natural light, the tenancy appears more spacious than it actually is, ensuring maximum accommodation for the purchase price paid for the suite."
